

Description

ABOUT DELTA STRIKE: Delta Strike is an innovative and rapidly growing technology company headquartered in Christchurch and is 100% New Zealand owned. We are a world-leading supplier of commercial laser tag equipment, implementing all design, manufacture, and distribution in-house through our offices in the USA, New Zealand, Europe, and China.

POSITION SUMMARY:

We are looking for a motivated and dedicated Hardware technician and assistant to our inhouse Global Support Team. You will be based in Christchurch and will be working directly with the Product Development Manager as well as with other members of the development team and covering the following tasks within the company:

HARDWARE and TESTING:

- Troubleshooting electronic equipment.
- Analysing PCB and Schematic designs for the purpose of fault finding.
- Fixing of equipment faults down to the PCB level.
- Soldering SMD components and fine pitch IC's
- The assembly of prototype PCB to ensure functionality prior to mass production.

CUSTOMER SUPPORT:

- Good communication skills.
- Able to work on-call every second week. (on job training will be provided for help desk problem solving)
- Ability to travel when required for system installation services (on job training will be provided for installation work)

OTHER: As a successful applicant, you will possess:

- Proven experience in electronics.
- Good problem-solving skills
- Attention to detail and good organisational skills
- The ability to adapt to rapidly changing situations
- The ability to multitask
- Ability to self-manage and meet deadlines
- The right to live and work in New Zealand

The Delta Strike team is a progressive and highly motivated group of people that work well together in a fun and trusting environment. Our business motto, "we care" is relevant within the business as well as with our customers.

If you have the attitude, skills, experience and feel qualified for this role, we'd love to hear from you! Please apply with a cover letter and CV, applications are reviewed as they are received.
