WATCHKEEPER - Delivering the UAV (ISTAR) Technology needs of the customer

Nick Miller

UAV Systems, Thales UK

Thursday 23rd October 2008 at 19:30

Cantley House Hotel, Milton Road, Wokingham

Light refreshments available from 19:00-19:30

The focus of this presentation is an update on the ISTAR capability that Thales UK will be delivering in the future to its principal user, the UK MOD. It will be explained how WATCHKEEPER is satisfying the needs of the customer today, in theatre, through Project LYDIAN, a service based UAV capability that utilises the Hermes 450 UAV System. The presentation will cover Thales technology System perspective and some of the challenges that face the UAV fraternity.

If you want to know more, come along. All are welcome and no ticket is required. Simply turn up on the night. For more details please contact Dr Richard Mitchell at rjmitchell@theiet.org, or 0118 378 6790

Directions From Rectory Road (on one-way system – with Waitrose), turn left at lights into Glebelands Road, follow the road bearing right into Milton Road, go straight over the mini roundabout: the Hotel entrance is 200 yards later on the right. See also <http://www.cantleyhotel.co.uk/>
