

Forthcoming Meeting

EC³

Thames Valley Specialised Section

Electronics, Control Computing & Communications

Real and Imaginary Worlds

Tom Shannon

OMG plc

Thursday 26th March 2009 at 19:30

**Oxford Brookes University,
Headington Campus, Oxford, OX3 0BP.**

Light refreshments available from 19:00-19:30

Tom Shannon hopes to take you on a short but highly visual journey into the world of blockbuster movies populated by amazing creatures, animated characters and imaginary environments. He will briefly describe the techniques used in both motion capture and image augmentation and show you how the same techniques are used equally to benefit thousands of disabled children each year and in the acquisition and interpretation of geospatial data.

If you want to know more, come along. All are welcome and no ticket is required. Simply turn up on the night. For more details please contact Dr Richard Mitchell at rjmitchell@theiet.org, or 0118 378 6790

Directions Enter Oxford Brookes from Gypsy Lane. The lecture will be sign-posted from the entrance hall. See <http://www.brookes.ac.uk/findus/headington>
